Gulf const.

THE WEATHER. METHOROLOGICAL RECORD,

The second secon

days ago our reporter made notes of a shared by the Palais de la Quai d'Orshort speech delivered by Mr. Barnes, say and the Hotel of the Legion of Honor. The former building was one Charleston railroad. This speech, which is very imperfectly reproduced, the bank of the Seine, just opposite the Tuileries, and was erected in the sented, which are not shorn of their practical worth, even in the form they have assumed. Mr. Barnes said: less extensive, but was interesting as There are three requisites in immigra- a pre-evolutionary edifice.

The people to emigrate. Chesp transportation.

or the whole is a failure. from Europe this season. The desola-tion and destruction of property oc-casioned by the war between France and Germany, will influence many to

the South than to any other part of the United States. By an arrange-ruent between the railroad companies

Rivoli, have all been sadly marred in their beauty.

Such have been the devastations of tween these points. The Allan line of has been saved. tween Liverpool and Norfolk, and they will continue these trips if the National, as it has been called with

among them and entice them away if

they must do something to encourage We often hear glowing 'descriptions of what this country might be—
of its natural resources, etc., etc., but
these descriptions are only pleasant
dreams. We have to deal with the
country as it is, and the contrast is
very great between descriptions of
what this country might be and what
it really is. How shall we improve?

In the description of the committee of journal
ists. The programme of the committee is opposed by the republican organs
because the newspapers which support
the movement are considered favorable to a monarchy.

The whole number of insurgents
what this country might be and what
it really is. How shall we improve? tions of what this country might beit really is. How shall we improve? Not by dreaming, but by working. Great changes are not sudden, and if each one who now cultivates land would improve it, and each one who

uments. It will be interesting, however, from a survey of the last nine troubled weeks, to form some idea of the damage, and ascertain, as far as this can be done, what yet remains of the beautiful city which the Germans handed over, after their brief occupation of it, comparatively uninjured, to the French authorities.

While the siege was yet going on, very proper precautions had been taken, under the competent direction of Jules Favre, for the preservation of the great works of art and the fine architectural details of the capital The masterpieces of painting were taken from their frames, carefully rolled up, and stored in the vaults. and the sculptured reliefs of the arches and palaces were securely protected by earth cushions and heavy wooden bear is from the shells of the bombard-

When , be civil conflict between the Commune and Versailles had culminated in an in cessant cannonade from the forts and Latteries on either side, the Arc de Trio uphe was the first structure that susts ined material in-jury. The guns of the Versaillists Neuilly bore di ectly with a point blank range upon the open Place de l'Etoile, in the centre of which the Arc stands, and u. doubtedly greatly mutilated the nobic trimphal gateway. It was reported to be a heap of ruins, and though there may well believe that it is irreparably what's been the matter.] may be some exaggeration in this, we

WASHING Inquest.

came to see the face, which was left exposed. The expression was admirably preserved. The remains left Lebanon for Dayton, at 2 p.m., under the charge of Judge Haynes, Vallandigham's law partner, and Judge McKinney, of Dayton. A sad feature of the case was the absence of Mrs. Vallandigham, who had gone the same evening to Cumberland, Maryland, called there by the death of her brother, Judge McMahon. She was telegraphed, and will reach Dayton to-morrow morning at ten o'clock.

The sad event cast a general gloom over Lebanon was admirated to the approximate to the amount off as with a dead man lying men required ten back of the atore. Mr. which they are that are so common, which is not in cust stores, but, owing to alack-molested singer, had to be converted into thau two yeases.

over Lebanon. Mr. Vallandigham during the trial had made numerous friends, and had by his deportment beaten down many prejudices. All were looking forward to his speech in defense of McGehan, which would have been delivered to-day. Mr. Vallandigham doubtless had made unusual preparations. He intended this effort to be his great criminal one at the bar. He appeared to have this effort to be his great criminal one at the bar. He appeared to have thoroughly worked up the case. He entered into it with characteristic entered in the char ergy and enthusiasm, and fell while busies witnesses introduced whose co

mony, Vallandigham took the loaded on of two pistos, lying on the table. Thinking the pistol empty, he fired a ball into his own body. The course of the bullet could not be traced. It entered the right side and ranged down-class and the bullet could not be traced. It entered the right side and ranged down-class are attending him.

CINCINNATI, June 17, 2 a.m.—The file campaigns fought on more Women and the right side and ranged down-class and feet are growing cold. He vomits often, but the throws up no blood. Dr. Drake says the is sinking fast. His pulse is still rising.

A special to the Gazette dated 2 p.m., says Dr. Reeve had arrived from Dayton, and that he pronounced the wound of the most serious character. Mr. Vallandigham's surgeon and a friend from Loveland are now alone with him. No others are admitted. About 12 o'clock Dr. Scoville asked of the has thus far shown no alarm. There seems now no doubt of the exist condition. He replied, "Yes." He has thus far shown no alarm. There seems now no doubt of the existance of an internal hemorrhage. Mr. Vallandigham's son Charles arrived with Dr. Reave at a quarter page. Washington held himan to canvass the him with gabble & avoic. The control of the hole of carnes are reposited as an of the present issues, he sole him of the proposed that, and he appeared to give up the idea. Few wound of the most serious character.

Mr. Vallandigham's surgeon and a friend from Loveland are now alone with him. No others are admitted. About 12 o'clock Dr. Scoville asked of the last that far shown no alarm. LAW REPORTS less difficult than was apprehended. The matter of subpoenaing witnesses from the most remote regions of the country requires only a few heirs, and as a consequence the committee is obtaining a vast mass of important and pertinent testimony which will be ready for submission to Congress and was a consequence the committee is obtaining a vast mass of important and pertinent testimony which will be ready for submission to Congress.

There is not a single instance where winesses have been telegraphed for, that a favorable response has not been received on the same day. A general disposition on the part of the southern men is to give the Committee the all the information they possess in this respect. It is generally remarked in this respect. It is generally remarked the were disposition on the part of the Southern men is to give the Committee the all the information they possess in this respect.
